

Panache De Interiors
Krafting to Finesse

INTERIOR
DESIGN

INTRODUCTION

We specialize in providing turnkey design solutions for high-end residential luxury homes and commercial projects. We have achieved a reputation for our ability to create luxurious, sophisticated interiors of timeless quality, extraordinary design, and functionality, infused with clients' personal style and desires. Most importantly, we respect our clients' budget and established timeline.

PANACHE STYLE

A Unified approach to natural materials and layered lighting curating a signature blend of minimalism and warmth.

LIVING ROOM EXPERIENCE

CURATED COMFORT
& UNIQUE ARTISTRY

Artistic focal point
Elegant light fixtures
Custom-designed pieces

"Where clean lines meet curved horizons."

The Moon Gate Arch : This adds a Zen, organic feel to an otherwise very "sharp" modern room.

Layered Lighting : The use of pendant globes and recessed ceiling lights creates "zones" of intimacy.

Material Contrast : Mixing cold marble/stone panels with warm wood grains is the hallmark of "Modern Opulence."

CURATED OBJECTS
Curated Global Chic Objects

The Monochromatic Hive

The design utilizes hexagon as the structural foundation, breaking up stark black surface with glossy white honeycomb accents to add depth. This approach turns walls, floors, and even ceiling into art pieces while keeping the overall palette clean and focused.

ELEGANCE

A curated collection of premium interior spaces — where timeless design meets modern luxury. Each room tells a story of balance, texture, and refined living.

A rose-gold media room that redefines entertainment. The fluted TV wall, feathered floor lamp, and bespoke massage chair come together in a space that balances luxury and comfort.

We craft interiors that speak spaces where every detail, from the texture of the wall panel to the glow of bespoke lighting, reflects the personality and aspirations of those who live within.

Massage Chair

SPIRITUAL SANCTUARY

A hand-carved white marble mandir, adorned with peacock motifs and vibrant deity figurines, forms the devotional heart of this home a sacred space where artistry and faith converge.

Bar Nook inspired by Aircraft

"A sophisticated bar space where strategic lighting and reflective surfaces create a luxurious social hub perfect for both intimate evenings and grand entertaining."

CRAFTED IN DETAIL

Deep forest green velvet headboard panels with brushed copper accents create a statement backdrop. The tonal grey palette walls, bed linen, rug rounds the space in calm sophistication.

NATURAL ELEMENTS

INTERIOR
SPACES & DETAILS

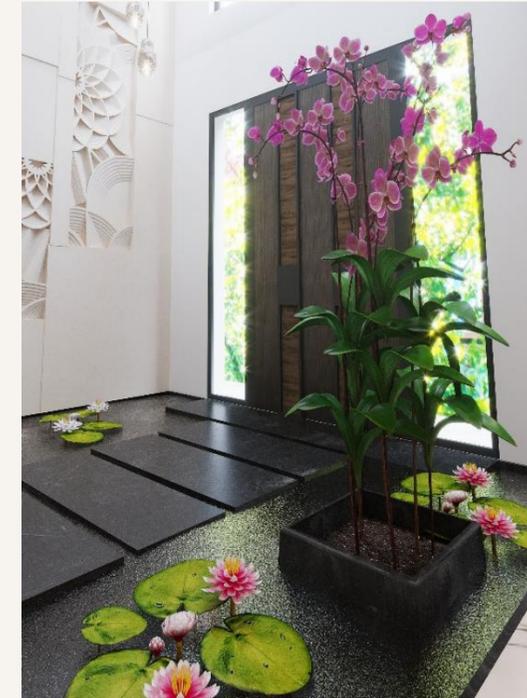

WARM MODERNISM

A Fusion of Artistic Soul

A harmonious blend of contemporary luxury and natural elements. Each space is thoughtfully curated to evoke tranquility, elegance, and refined living.

DESIGN PHILOSOPHY

Our design approach balances the art of modern luxury with the soul of nature. Every detail—from the hand-crafted wall panels to the organic materials—serves a purpose beyond aesthetics.

1

HARMONY

Natural materials meet refined craftsmanship

2

LIGHT

Strategic lighting enhances spatial perception

3

NATURE

Living elements integrated throughout the home

MASTER BEDROOM

Contemporary Luxury & Refined Elegance

MATERIAL

Marble floors with natural veining, velvet upholstery in deep teal, and polished gold accents create a timeless palette.

LIGHTING

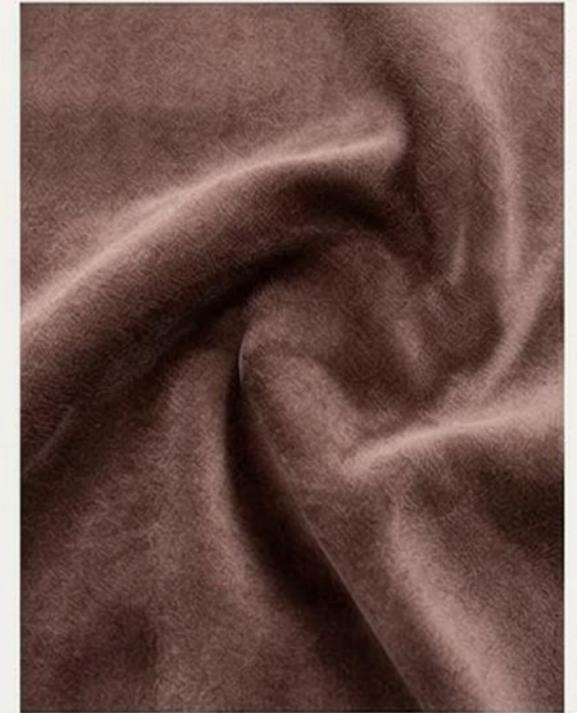

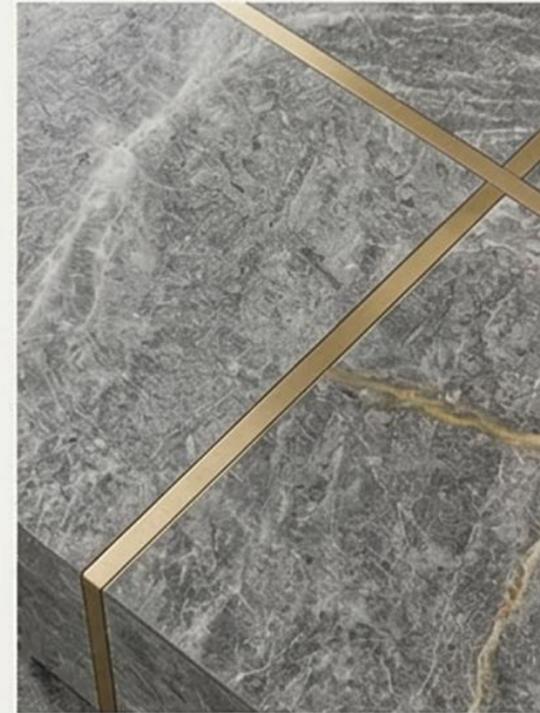

Triple-ring crystal chandelier casts warm luminance, complemented by ambient wall sconces in brushed gold.

CONCEPT

Mountain-inspired wall art forms the dramatic focal point, blending art with architecture in an immersive tableau.

A symphony of liveliness filled the room

MATERIALS

The material and textures of a modern luxury living room, featuring a mauve velvet sofa, gold inlaid marble, and sleek black accents used for tv unit.

Master Suite

Sculptural Backlit Wall Bed

The bedroom was conceived as a sanctuary calm, textural, and deeply considered. The backlit 3D wall panel acts as both headboard and artwork, casting a warm glow that shifts through the day.

PROJECT OVERVIEW

Serene Sanctuary

A sculptural bedroom conceived around organic forms and a restrained palette of warm limestone, sage, and ivory. Curved plaster reliefs flow across the feature wall, anchoring a sage-upholstered platform bed beneath a sky of textured render and linear lighting. Every element breathes — space, material, and light working in quiet harmony.

VIEW 02 — TV & CONSOLE

Brushed brass detailing and sculptural console legs echo the room's commitment to artisan craft.

Interiors

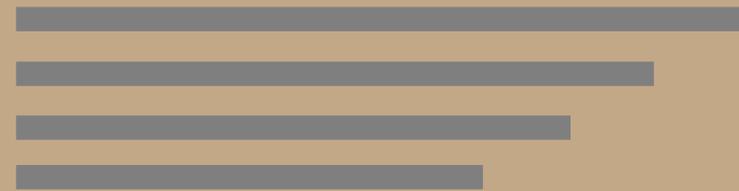

Corporate Spaces Reimagined

We design environments where innovation thrives. Our goal is to blend history, functionality, and modern design principles into a connecting and secure community, shrinking up all the more than usual stresses, creating a heat-right, antiyesh atmosphere.

Reimagined workspace

DESIGN CONCEPT

Our innovative tech workspace is defined by dynamic geometries and natural materials. The reception ceiling (above) features a unique hexagonal pattern, blending orange accents and intricate wood latticework to stimulate creativity.

COLLABORATION HUB

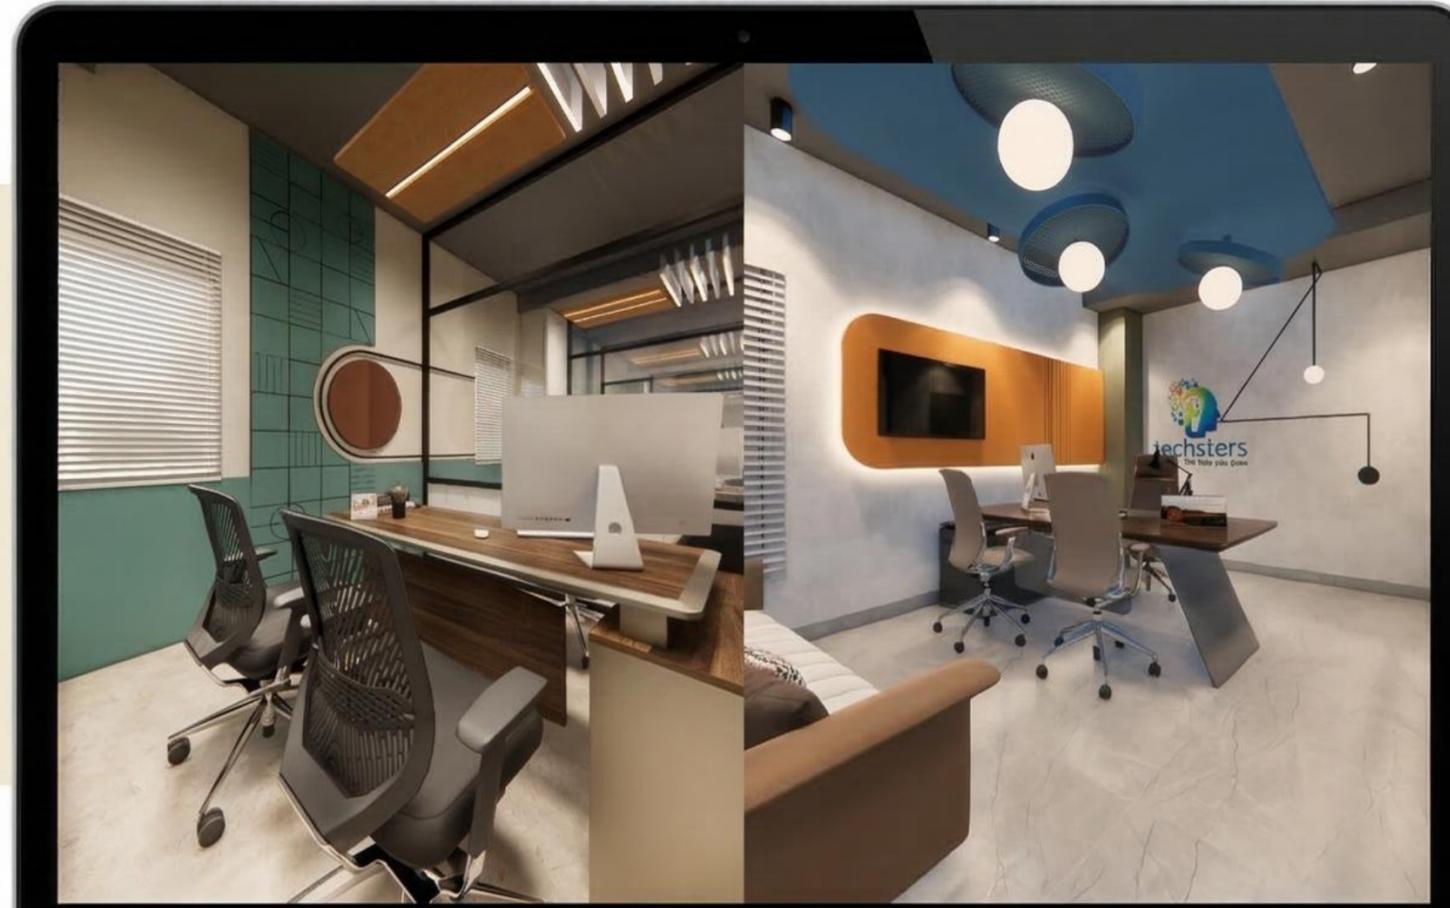

The open-plan area (below) integrates ergonomic workstations, flexible tiered seating, and green break-out spaces. The cohesive checkerboard ceiling and vibrant branding elements foster a productive, modern work culture.

Modern Corporate Environments

Office Style A

Private workflow space featuring two ergonomic chairs, a large monitor, and a distinctive geometric accent wall in deep teal and wood tones.

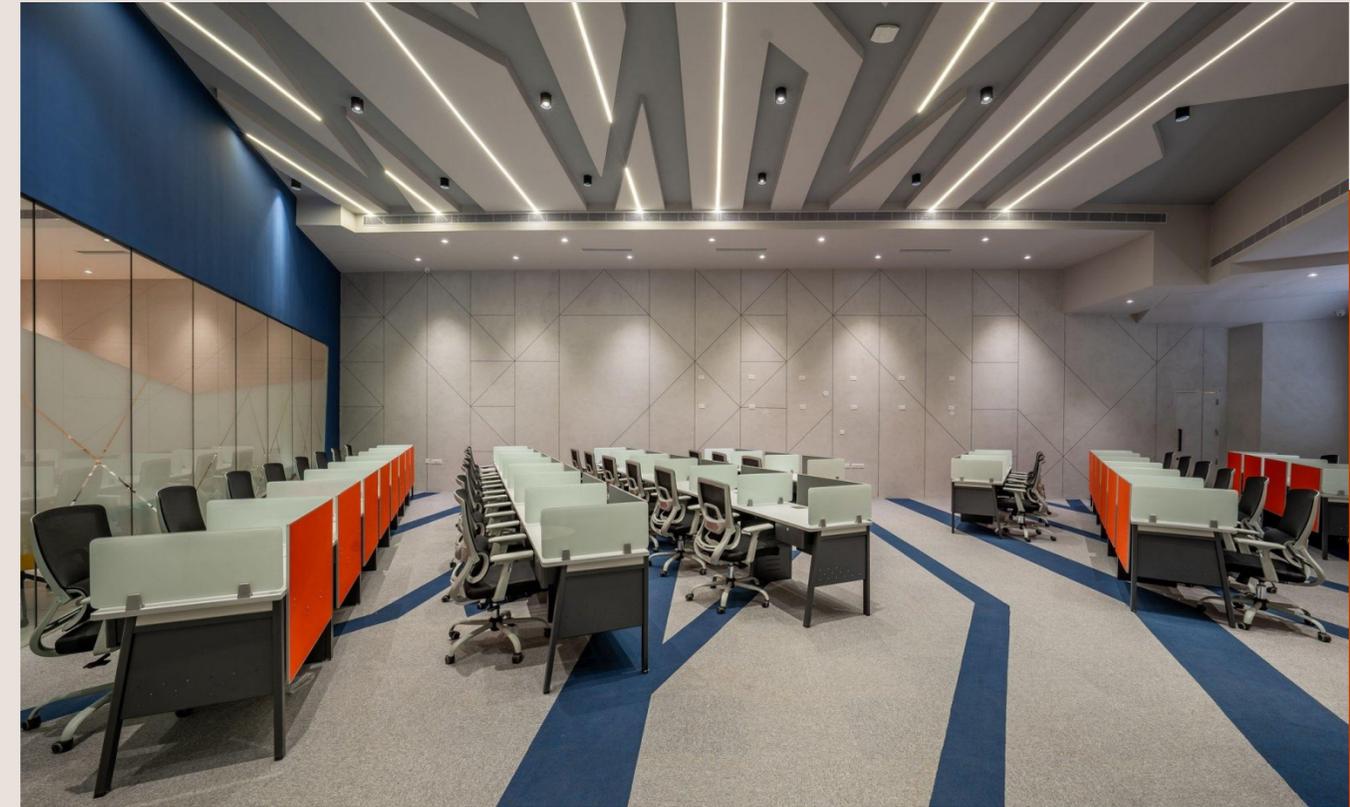

Office Style B

Executive-level suite with a curved orange backlit panel, a leather couch for guests, a desk, and unique spherical pendant lighting.

Experience re-imagined workspaces

CENTER OF EXCELLENCE

This Center of Excellence is a state-of-the-art facility meticulously designed to promote collaboration and deep focus.

On the left, our Collaboration Zone features a dynamic, multi-colored environment with tiered seating and curved, flexible desks, encouraging innovative ideas and open discussion.

Above right, our Focused Workspace offers a dedicated, well-equipped area with ergonomic workstations and private screening, ideal for individual concentration and task completion.

With integrated technology, distinct zoning, and a modern aesthetic, this facility provides the perfect environment for achieving peaks of professional excellence.

Refined Professionalism: The Modern Executive Suite

A Contemporary Workspace Designed for Focus and Collaboration

Neutral Palette with Bold Accents:

Executive Focus

Prestigious spaces that command respect

Sculptural Greenery:

A magnificent bonsai-style tree acts as a living focal point

Integrated Architectural Lighting:

A sleek, linear pendant light acts as a modern centerpiece

Architectural Archways:

A graceful, soft-curved archway frames the transition between spaces

Zen Efficiency:
The New Era of Minimalist Office Design

Harmonious and modern executive office that prioritizes focus and professional tranquility.

Integrated Acoustic Seating Pods:
Two sleek, built-in niches offer semi-private lounge areas

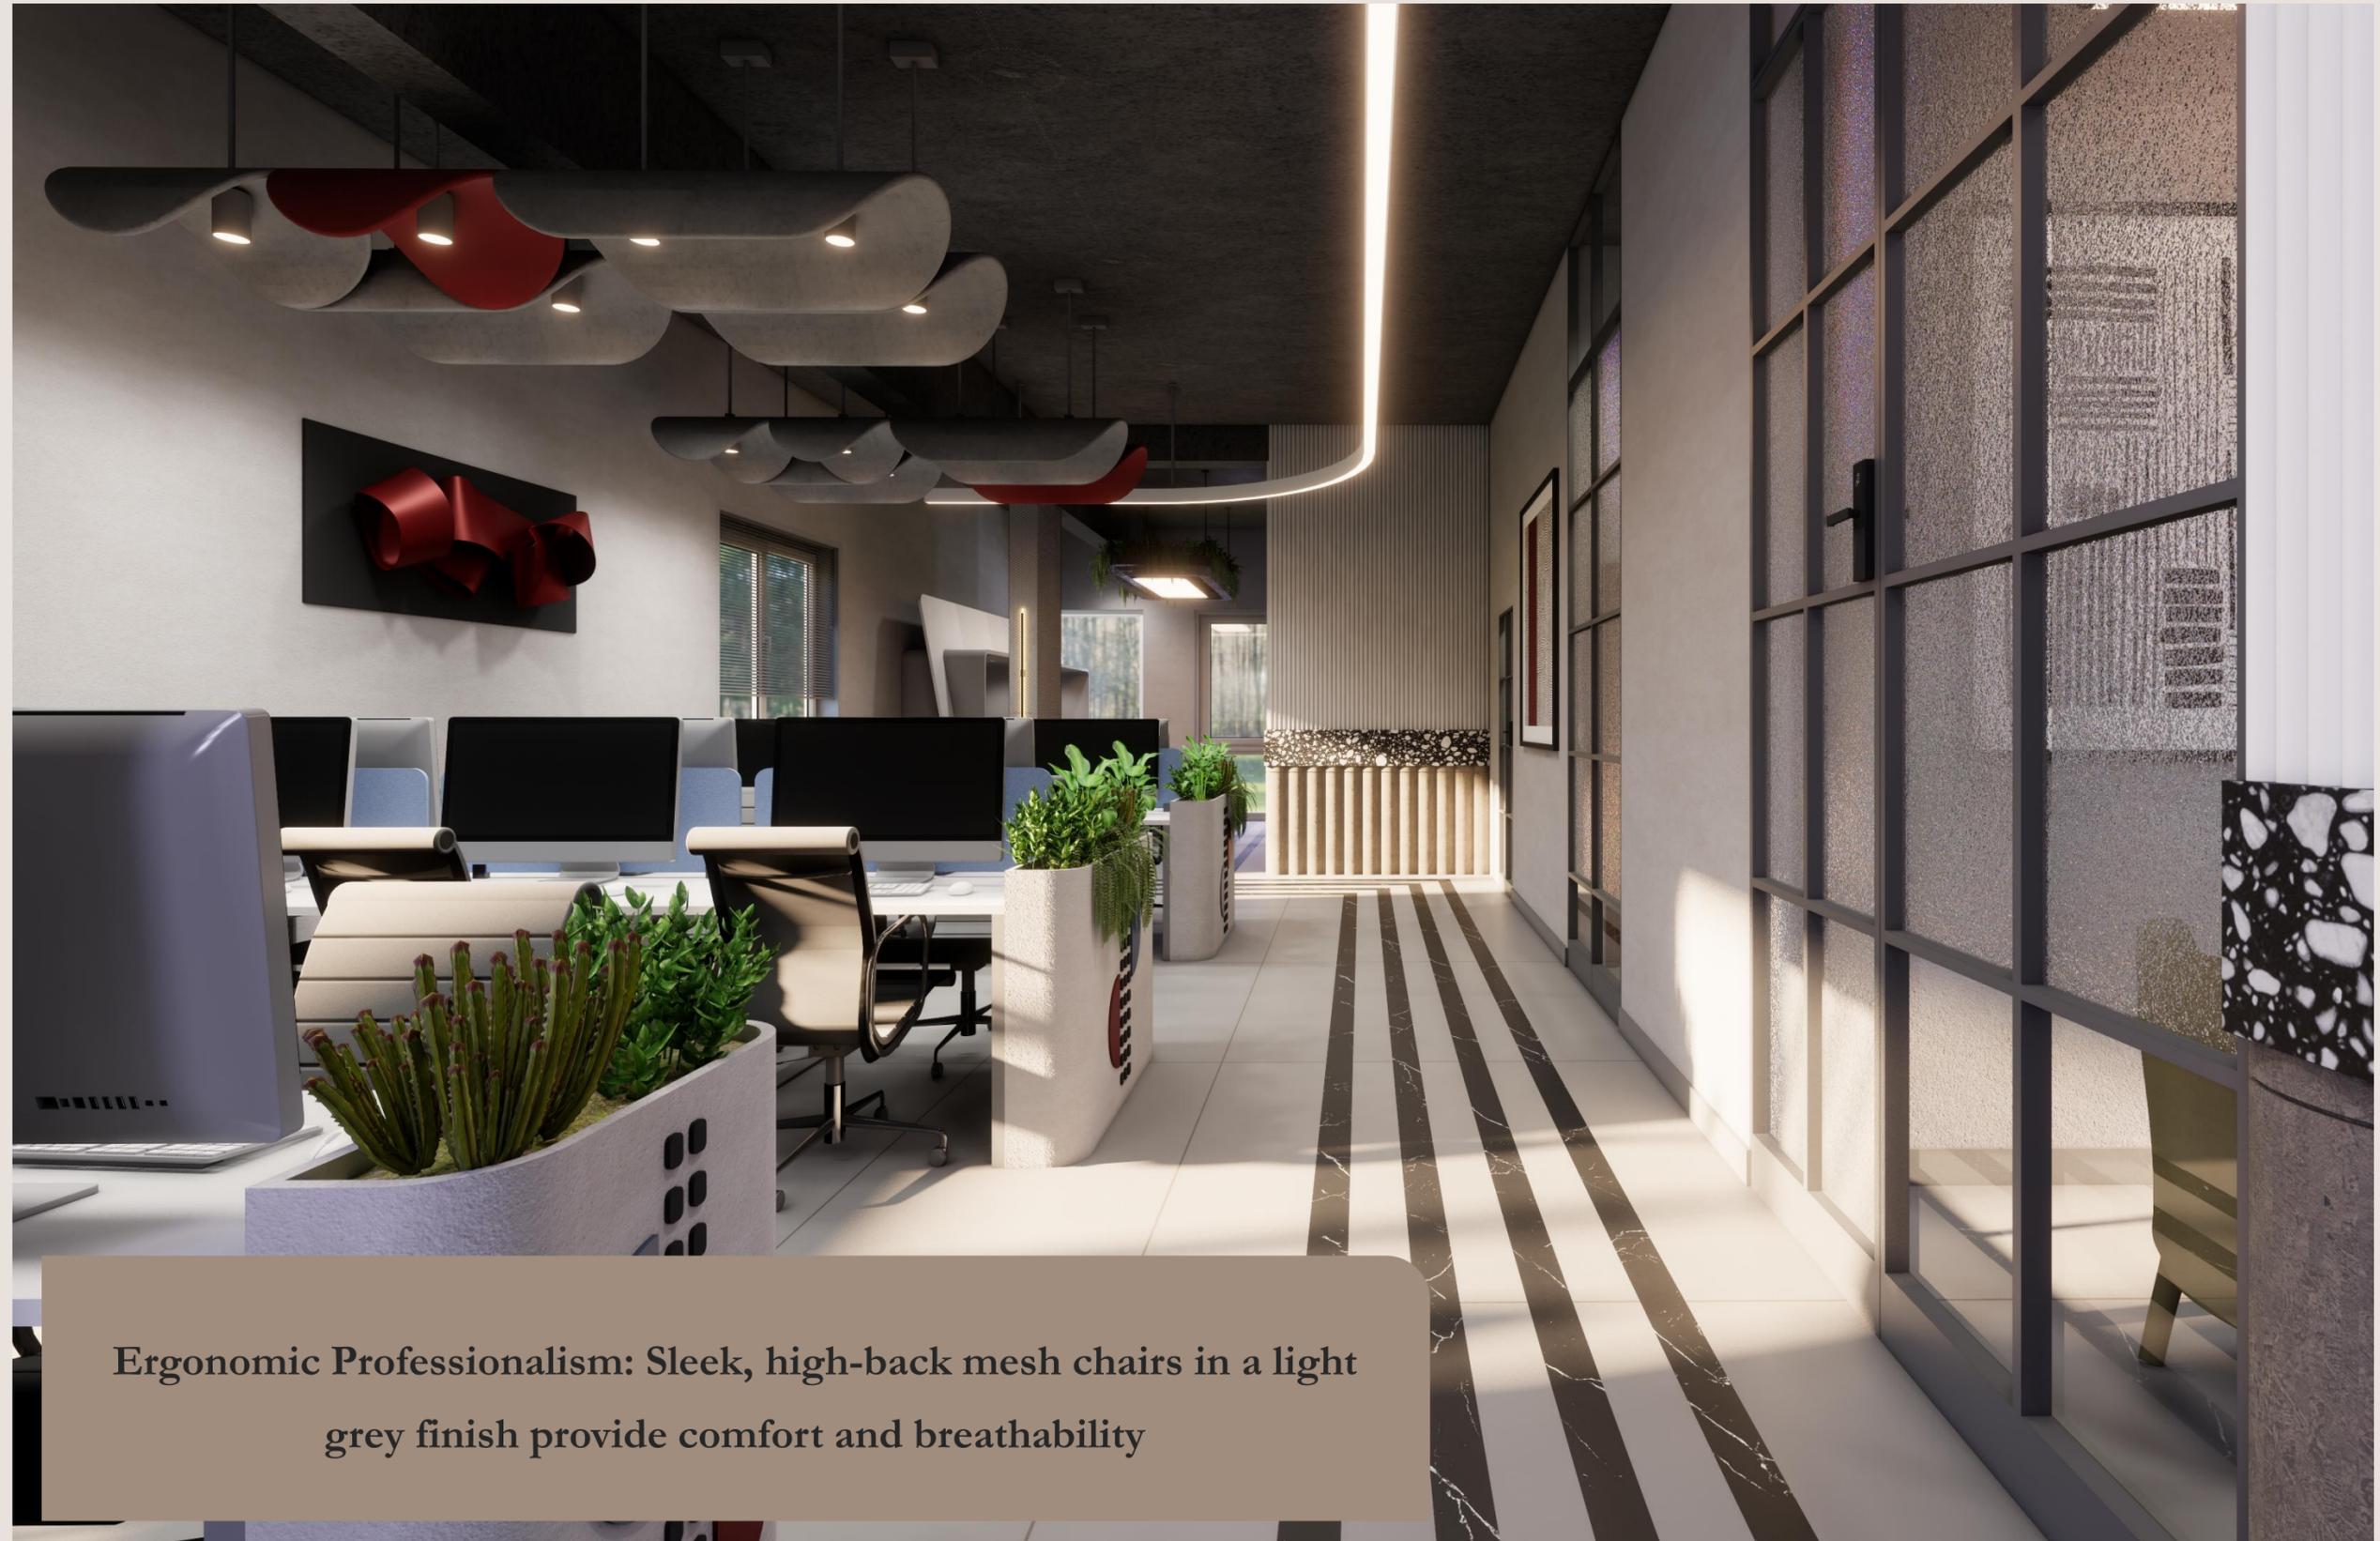

Floating Workspace Solutions: A minimalist white floating desk extends between the pods

Floating Sculptural Acoustic Lighting: A series of unique, oversized grey acoustic baffles with integrated spotlights

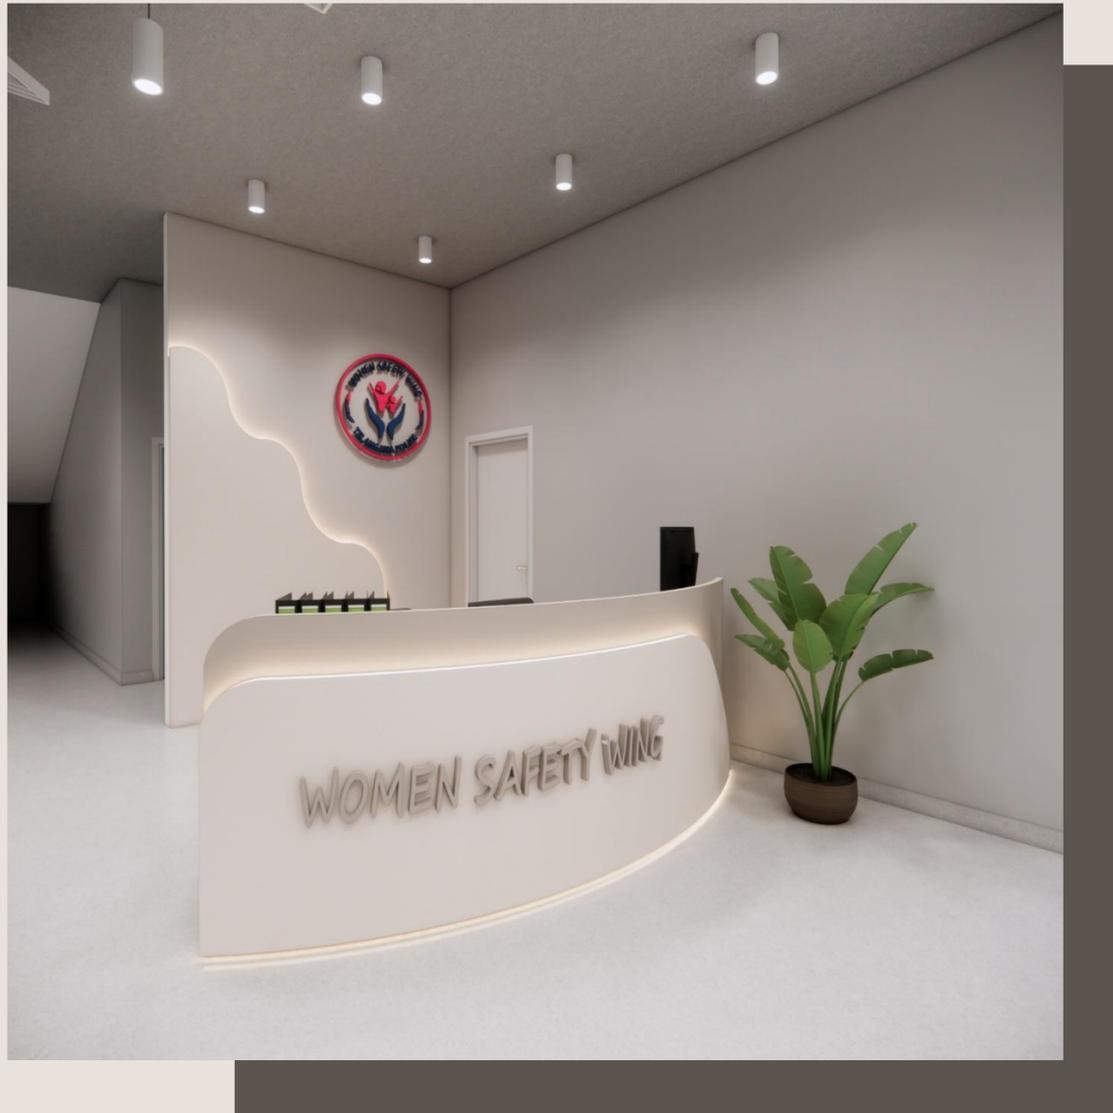

Ergonomic Professionalism: Sleek, high-back mesh chairs in a light grey finish provide comfort and breathability

Modern Harmony: Integrating Nature into the Professional Workspace

Empowered Workspaces: Where Vision and Voice Meet

Warm Tones & Rhythmic Lines: The New Standard for Social Lounges

Sleek Ergonomics:

The workstations feature clean-lined wooden desks paired with high-performance ergonomic chairs, prioritizing comfort for long hours

Hotel Sanctuary

A refined guest retreat where warm tones, soft lighting, and premium materials create a calm and luxurious experience

Modern Elegance, Redefined

Neutral Palette: Soothing grey tones and premium fabric finishes.

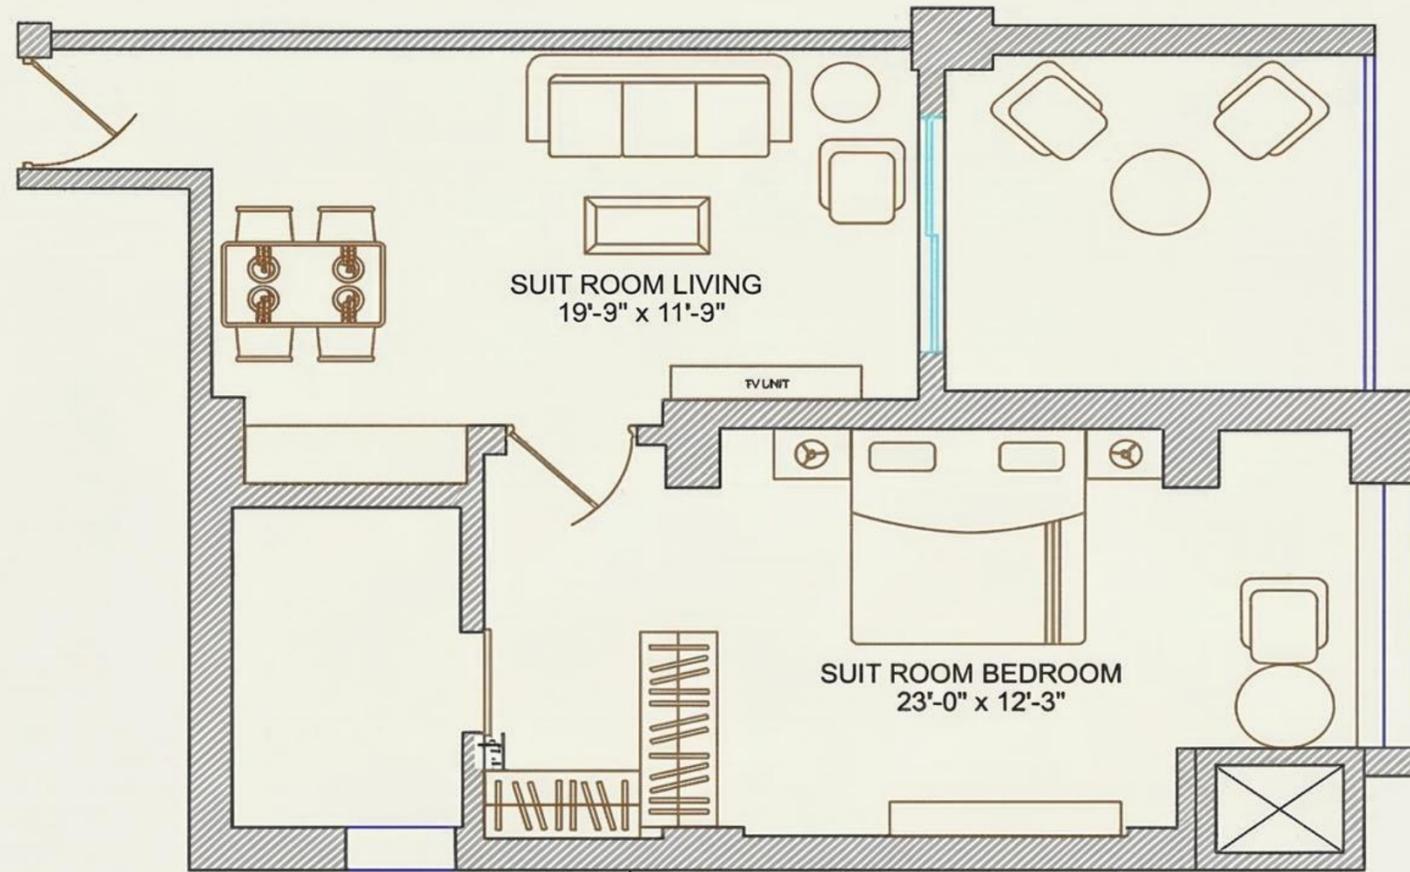

Natural Light: Large-format glass doors with sheer, elegant draping.

Organic Accents: Hand-selected wooden furnishings and curated greenery.

Design Development Through Mood Boards

Mood boards help translate design ideas into a clear visual direction. By combining materials, colors, textures, furniture, and lighting references, we create a cohesive design language that guides the overall look, feel, and ambience of the space.

PRIMA OPULANT

Neo-Classical commercial elevation
with a distinct European flair,
rendered with sharp, clean
architectural details

The architectural rendering shows the **Senior Officer's Mess** at the National Police Academy. This beige, two-story neoclassical building features ornate pediments, symmetrical windows, decorative moldings, and a formal entrance.

Commercial elevation design is the architectural process of creating the exterior "face" of a business building, such as a retail shop, office, or shopping mall.

Modern institutional building facade with a mix of stone cladding and warm wooden panels, featuring a central entrance canopy, parked cars, minimal landscaping, and clean contemporary architectural lines.

Banquet hall

Behind every successful hospitality space is efficient planning.

Layouts are designed to support smooth operations, seamless staff movement, and optimized service flow while maintaining a premium guest environment.

Elegant Planning with Timeless Design

The space is planned to provide smooth movement and comfortable seating arrangements while maintaining a harmonious visual balance. Rich textures, classic detailing, and warm tones create a refined and inviting atmosphere.

Banquet hall

A neutral yet refined design palette allows the space to adapt to various event themes while maintaining a sophisticated and luxurious ambiance.
